- **Objective** - Utilize and enhance my skills and knowledge I have acquired in the field of UX Design, as a Product Designer Intern at Spotify this summer.

- **Education**

Montclair State University (MSU), Montclair, NJ 07043
Bachelor of Computer Science, May 2018
Minor in Arabic Language
Dean's List (multiple semesters)
Best Demonstration Speech (Award - 2014, Speech Class)

- **Related Coursework** -- Software Engineering I (Current), Introduction to Human Computer Interaction (Current)

- **Skills**

Programming Languages:

- ❖ Java, Python, HTML&CSS, Javascript, PHP

Software:

- ❖ StarUML, Axure

UX Design

***CollegeVibes* Application, Introduction to Human Computer Interaction**

- ❖ Persona Construction
- ❖ Scenario Based Design
- ❖ Think Aloud Protocol
- ❖ Qualitative Usability Tests
- ❖ Lightning Demos
- ❖ Competitive Research/Claims Analysis
- ❖ Conducting Interviews with potential users, testing our UI (User Interface)

Languages:

- ❖ English and Arabic

- **Experience**

UX Design

- With our application, *CollegeVibes*, the primary goal in mind was to create an efficient application that ensured students' endeavors (particularly freshmen) of befriending made smoothly and less daunting. The skills that I have acquired and advanced throughout the development process of our application, are mentioned above under UX Design!

Summer Internship Abroad in Turkey, Arab American Leadership Initiative Foundation (AALIF), 2015

- AALIF is a non-profit organization geared towards shaping and creating a positive and entrepreneurial environment of the young adult's mind and personality, by means of taking on an internship and endeavors abroad to better enhance the capabilities and set of skills of young adults.
- Whilst in Turkey, I was able to teach the English language for three weeks to Middle School Students who had no prior basis to learning the English language.
- With my experience I have gained in UX Design with my course project, *CollegeVibes*, as well as my internship abroad with AALIF - a technique that I have primarily worked extensively with, was qualitative techniques.

- **Involvements Within the U.S. and Abroad**

- Secretary of Muslim Student Association at MSU (2014-2015)
- President of Muslim Student Association at MSU (2016)
- Taught the English language to refugee children in schools in Egypt (Summer 2013)
